The graphic features a dark blue background with a coat of arms on the left, a portrait of a man in the center, a landscape with a pond and swans on the right, and a photograph of a stone tower in the top right corner.

John Harvey 1 spent a fortune at Ickwell Bury. Where did the money come from? Why did he tell his son, John Harvey 2, to sell everything?

Why didn't John Harvey 2 sell?

Eventually John Harvey 7 rented the house to Horton School.

He sold Ickwell Bury in 1924.

What happened before and after the Harvey family?

What is the link to a Bedfordshire brewery family and Gertrude Jekyll?

The talk has many images and leads you through the fascinating history of one of the many closely packed estates along the Greensand Ridge.
